

Cover Data Sheet - Galvanised Steel

Description:

Galvanised steel tank cover specifically designed for Evenproducts tanks. The cover is available in all tank sizes upto 14.63 metres (48') and is supplied complete with two access hatches and a ball valve bracket. The cover prevents the growth of algae, stops evaporation and acts as a barrier to rainwater and wind borne debris. Designed to withstand UK wind and snow loadings this cover is extremely strong and looks aesthetically very pleasing.

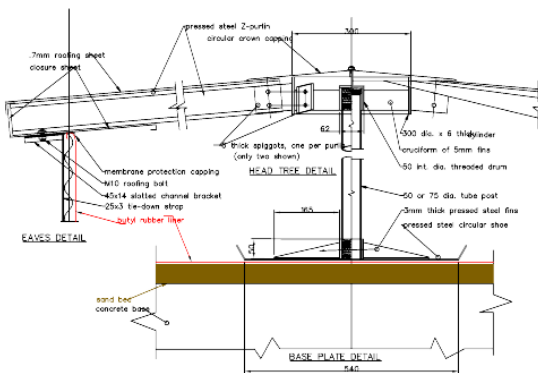

Advantages:

1. Very Strong
2. Very Secure - access hatches are bolted down
3. Easy to install - photographic instruction manual provided
4. Prevents algae growth and wind borne debris entering the water
