- Contract** means any contract for the sale of goods and/or the supply of services between us and you into which these Conditions are incorporated;
- Conditions** means the standard terms and conditions of sale set out below, including any special terms and conditions agreed in writing by us and attached or written overleaf;
- Goods** means the goods and/or services which we shall supply in accordance with these Conditions, in accordance with your order;
- We** means Evenproducts Limited (Company registration number 00836010 of The Oxstalls, Evesham, Worcestershire, WR11 4TU and "us" and "our" shall be construed accordingly);
- Website** means the website domain name www.evenproducts.com
- you** means the customer who orders the Goods from us or the Website and "your" shall be construed accordingly.

- 1.2 The headings in these Conditions are for convenience only and shall not affect their interpretation.
- 1.3 All rights expressly reserved by or granted to us by these Conditions shall be without prejudice to any other rights which we may have from time to time.
- 1.4 Unless expressly stated otherwise, where rights and decisions are to be exercised or made at our discretion, then we shall be under no duty or obligation to you to justify or provide a reason for the decision.
- 1.5 Unless expressly stated otherwise, where our prior written consent is required in these Conditions, then we shall be under no obligation not to unreasonably withhold or delay in giving that consent.

2. BASIS OF SALE

- 2.1 These Conditions set out the entire agreement for the sale of Goods by us to you to the exclusion of all other terms and conditions which you may purport to apply under any purchase order. No variation of these Conditions shall be binding unless agreed by us in writing and you acknowledge that in placing an order with us for the Goods, you confirm that you have read and accept the Conditions and are authorised to enter into this contract.
- 2.2 Our employees or agents are not authorised to make any representations concerning the Goods unless confirmed by us in writing and in entering into a Contract you acknowledge that you have not relied on any such representations which are not so confirmed by us in writing.
- 2.3 Where the Goods are to be delivered by instalments, each instalment shall constitute a separate Contract. Failure by us to deliver any instalment shall not entitle you to treat the Contract as not performed by us and terminate it.
- 2.4 All specifications, drawings, samples, colours, finish and particulars of weights, dimensions and performance issued by us in respect of the Goods are indicative and approximate only and are not intended to form the basis of any Contract between us.

3. ORDERS AND SPECIFICATIONS

- 3.1 No order submitted by you shall be deemed accepted by us unless and until we have so confirmed, and our acceptance of any order is final and at our discretion. All orders are subject to availability and Goods cannot be reserved. We reserve the right to refuse to accept any order placed by you.
- 3.2 You shall be responsible for ensuring the accuracy and completeness of the terms of any order which you submit (including but not limited to size and quantity) and for giving us any specific information relating to the proposed use of the Goods (or any bespoke order for Goods) within a sufficient time to enable us to consider such requirements and perform the Contract in accordance with these Conditions.

4. PRICE OF THE GOODS

- 4.1 The price of the Goods shall be the price quoted at the time of order (by us or on the Website). All prices and information in literature or on the Website was correct at the time of publishing and may be revised from time to time.
- 4.2 We reserve the right, by giving notice to you at any time before delivery, to increase the price of the Goods to reflect any increase in the cost to us which is due to any factor beyond our reasonable control resulting from any change in delivery dates, quantities or specifications for the Goods which you request, or any delay caused by your instructions or your failure to give us adequate information or instructions. Where possible, we shall notify you of any such price increase and you shall have the right to terminate the order.
- 4.3 Except as otherwise agreed in writing by us, all prices are calculated ex-works, Evesham and where we agree to deliver the Goods otherwise than at our premises, you will be liable to pay our charges for transport, posting, packaging and insurance. In the event of delivery by instalment, you shall be liable for any additional delivery charges which may be incurred.
- 4.4 The price is exclusive of any applicable value added tax (at the relevant rate from time to time in force) which you shall automatically be liable to pay to us and shall be added to the price of the Goods as set out in our invoice.

5. TERMS OF PAYMENT

- 5.1 The method of payment being cash, credit/debit card or on account terms to be agreed at the time the order is accepted.
- 5.2 In respect of those payments made on account, an invoice shall be issued at such times (depending on the payment term) when those sums become payable.
- 5.3 Payment terms shall be 30 days from the date of the invoice, unless other terms have been agreed and where any payment remains outstanding by the due date we reserve the right to charge you interest (as well after as before any judgment) on the amount unpaid, at the rate of 3% per annum above Lloyds TSB Bank plc base rate from time to time, accruing pro rata on a daily basis until payment is made in full.
- 5.4 You are not entitled to any right of set off or permitted to withhold payment for any invoice issued. In the event you dispute any invoice, you must notify us within 7 working days of receiving the invoice and provide us with appropriate details and reasons for the dispute. We will endeavour to resolve such dispute within 30 days from the date you notify us.
- 5.5 Each invoice is separate and constitutes a separate contract between us. Where you fail to pay an invoice in accordance with our terms we reserve the right to refuse any further orders you place. In addition, where more than one invoice is outstanding we will be entitled, at our discretion, to recover the full amount of all invoices which are outstanding at any one time.

6. DELIVERY

- 6.1 You shall make all arrangements to take delivery of the Goods whether by collection or at such times that they are tendered for delivery.
- 6.2 Any dates quoted for delivery of the Goods are approximate only and we shall not be liable for any delay in delivery of the Goods howsoever caused. Time for delivery shall not be a term of the Contract unless previously agreed in writing by us. We may deliver the Goods in advance of the quoted delivery date upon giving you reasonable notice. You shall notify us within 14 days after the anticipated delivery date if you have not received the Goods.
- 6.3 If you fail to take delivery of the Goods or fail to give us adequate delivery instructions at the time stated for delivery then we reserve the right to:
- 6.3.1 store the Goods until actual delivery and charge you for the reasonable costs (including insurance) of storage; or
- 6.3.2 sell the Goods at the best price readily obtainable and (after deducting all reasonable storage and selling expenses) and where payment has been received by us in advance, account to you for the excess over the price under the Contract or charge you for any shortfall below the price under the Contract.

7. INSPECTION/RETURN OF THE GOODS

- 7.1 We request that you examine the Goods within 5 days of delivery or collection and in the event of any apparent damage or defect, you shall promptly notify us.
- 7.2 Save in respect of latent defects (whereby you shall notify us within 1 month of becoming aware of the defect), where you have not notified us in accordance with clause 7.1 above, you will be deemed to have accepted the Goods and where payment has not already been received it shall be due as appropriate.
- 7.3 Any Goods alleged to be damaged or defective after examination shall be promptly returned to us for inspection. Where in our reasonable opinion we consider the Goods to be damaged from transit or defective solely by reason of faulty design materials or workmanship, we shall, in our discretion either replace the Goods or where already paid, provide you with a full refund for the Goods.
- 7.4 You shall have no claim to reject the Goods where they do not materially differ from the guidance characteristics in Condition 2.4, but in all other circumstances where you want to return the Goods you will be responsible for:
- 7.4.1 ensuring that all Goods returned are in the same condition in which they were supplied; and
- 7.4.2 all costs associated with returning the Goods to us (including but not limited to packaging, transport and insurance); and
- 7.4.3 any restocking fee for which we may be liable, being an amount equivalent to 15% of the total price paid for those Goods being returned or if more, such amount imposed on us by a third party supplier which shall be notified to you.
- If as a result of a return under Condition 7.4 an amount remains outstanding, we will either invoice you for the balance or debit your account as appropriate.
- 7.5 You acknowledge that we source a number of Goods from third parties and therefore returned Goods (save for those which are damaged or defective upon receipt) may be subject to a restocking fee. It is therefore agreed that the terms of clause 7.4

8. RISK AND PROPERTY

- 8.1 Risk of damage to or loss of the Goods shall pass to you at the time that the Goods are collected from our premises or at the time of delivery to you whichever is the sooner.
- 8.2 Notwithstanding delivery and the passing of risk in the Goods (from us to you) or any other provision of these Conditions, the legal and equitable legal title and ownership in the Goods shall not pass to you until we have received in cleared funds payment in full of the price of the Goods.
- 8.3 Until such time as the legal title and ownership in the Goods passes to you (and provided the Goods are still in existence and have not been resold) we shall be entitled at any time to require you to deliver up the Goods to us and, if you fail to do so forthwith, to enter upon any premises where the Goods are stored and repossess the Goods.

9. WARRANTIES AND LIABILITY

- 9.1 Subject to the following provisions, we warrant that the Goods will be of satisfactory quality, fit for their normally intended purpose and will be free from material defects for such period that a valid warranty exists in respect of the Goods.
- 9.2 The warranty given in Condition 9.1 above is subject to the following conditions and we shall be under no liability in respect of:
- 9.2.1 Any defect in the Goods arising from any design or specification which was supplied by you;
- 9.2.2 Any defect arising from wear and tear, wilful damage, negligence, abnormal working conditions, failure to follow our instructions whether oral or in writing, misuse or alteration or repair of the Goods without our approval;
- 9.2.3 Any attempt made by you or any third party to remedy a defect before the goods in question have been returned to us for inspection (if so required).
- 9.3 Except in respect of death or personal injury caused by our negligence, we shall not be liable to you by reason of any representation (unless fraudulent), or any implied warranty, condition or other term, or any duty at common law or under the express terms of the Contract, for any indirect, special or consequential loss or damage (whether for loss of profit or otherwise), costs, expenses or other claims for compensation whatsoever (whether caused by our negligence or our employees, agents or otherwise) which arise out of or in connection with the supply of the Goods or their use or resale by you, and our entire liability under or in connection with the Contract shall not exceed the price of the Goods, except as expressly provided in these Conditions.

10. YOUR INSOLVENCY

In the event that any sum shall be unpaid or remain outstanding to us on any of your accounts after the due date for payment or if you make any voluntary arrangement, become bankrupt, insolvent or commit any other act of bankruptcy, we reserve the right to cancel the Contract or suspend any further deliveries under the Contract without any liability and if the Goods have been delivered but not paid for the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.

11. GENERAL

- 11.1 We will not be liable to you or be deemed to be in breach of contract by reason of delay or failure to perform any of the Company's obligations if the delay or failure is due to act or cause beyond our reasonable control.
- 11.2 These Conditions do not purport to confer a benefit on any third party.
- 11.3 Any notice required or permitted to be given by either party to the other under these Conditions shall be in writing addressed to the other's principal place of business.
- 11.4 No waiver by us of any breach of the contract by you shall be considered as a waiver of any subsequent breach of the same or any other provision.
- 11.5 If any provisions of these Conditions are held by any competent authority to be invalid or unenforceable in whole or in part, the validity of the remainder shall not be affected.
- 11.6 The Contract and these Conditions shall be governed by the laws of England, and you agree to submit to the exclusive jurisdiction of the English courts.
